## 199-3

EAN-No. 4000896207237

0.75 l

### Application:

Creating tight and permanent foam

- Three nozzles (in scope of delivery) for generating wet and dry foams as well as for implementing different reaction times
- Cleaning/disinfecting of surfaces, workpieces, vehicles, sanitary facilities
- **Better visual control of the sprayed area**
- For neutral cleaners as well as diluted acid and alkaline cleaners
- For
  - Cleaning and disinfecting work on upholstery and rugs
  - Disinfection of bathrooms and sanitary facilities
  - Kitchens and food industry
  - Cleaning vehicles, work surfaces etc.
- Transparent, durable tank with level indicator
- Integrated safety valve (2.5 bar) enables the container to depressurise before opening
- Viton gaskets
- Net volume: 0.75 l
- Gross volume: 1.5 l
- For use of chemicals with surface-active properties (surfactants)
- Increasing the duration of contact between chemical and surface to be cleaned guarantees increased effectiveness of the chemical product
- Seals and materials resistant to most acids and solvents as well as to chemicals that are used most frequently in industry, automotive technology and professional cleaning
- Wide filling neck
- Protection cover for chamber valve
- Including 3 different nozzles (black = normal, green = dry, orange = wet) for adjusting the foam quality
- Special flat nozzle suitable for foam
- Special flat spray nozzle for wide fan beam
- Including 10 filters (spare)
- Flexible, break-proof pumping lever

### Application fields:

- **Cleaning textiles, upholstery and carpets** while at the same time avoiding excessive moistening to reduce the drying time and prevent fungi and bacteria from developing
